## **Medicare Beneficiary Information**

This information is provided as a service to our Medicare Beneficiaries

### **Deductible and Co-Insurance**

Beginning on January 1, 2013, the annual limit on the allowed amount for outpatient physical therapy and speech-language pathology combined, in a non-hospital outpatient setting is \$1900.

Medicare beneficiaries are responsible to pay a coinsurance of 20% and Part B deductible of \$147.

For example, in 2013, if the deductible has been met prior to submission of your Physical Therapy Claim for the \$1900 of therapy services, Medicare will pay 80%, which is \$1520. The beneficiary is responsible for the coinsurance of the 20% or \$380, which is sent to your secondary insurance if you have one directly from Medicare.

If your deductible has not been met, the beneficiary will be responsible for the deductible amount of \$147 in addition to the coinsurance after deductible.

**NOTE:** These amounts are for the calendar year 2013 and will change each calendar year.
